Re: Permit Review Status, Kimball Draw Mine, M/015/075, Emery County, Utah

Dear Mr. Webster:

On June 11, 1998, the Division received United States Gypsum Company's large mining plan for the Kimball Draw mine. Due to a backlog of other permit reviews, the Division has not been able to complete a review of this plan within the usual 30-day timeframe. We apologize for the delay and any inconvenience this may cause you.

We hope to complete our review of your application within the next 45 days. We appreciate your patience and understanding in this regard. Please contact me if you have questions or concerns with this proposed review schedule.

Sincerely,

Anthony A. Gallegos
Senior Reclamation Specialist
